Mr. Bob Acheson, President
Barefoot Motors
3151 East Main Street
Ashland, Oregon 97520

Dear Mr. Acheson,

This letter serves to confirm that two new models of Barefoot Motors, LLC vehicles have been approved for eligibility under the California Air Resources Board's (ARB) Zero-Emission Agricultural Utility Terrain Vehicle (Agricultural UTV) Rebate Project. The rebate project was launched to the public in mid-April 2010, and the project webpage is located at: http://www.valleyair.org/Grant_Programs/UTV/UTVWeb.htm.

Information on the new models, including MSRPs and updated vehicle specifications have been reviewed. Staff has determined that the following Barefoot Motors vehicles are eligible to receive the consumer rebate amount listed in Table 1.

Table 1: Vehicle Information

Model Year	Vehicle Model	Base Model MSRP	Rebate Amount
2010	Model ESO – 4WD	\$12,900	\$1,935
2010	Model EQO – 4WD	\$11,800	\$1,770

Future model years may be added to the list of eligible vehicles after Barefoot Motors establishes a base price and the vehicle is imminently available for consumer purchase. Please submit the new model year vehicle information, including an MSRP price sheet and updated vehicle specifications to ARB when the information is available.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
